There must be valid, authentic and sufficient evidence for all the assessment criteria. There is no requirement for each unit to be assessed separately. Indeed, Assessors are encouraged to adopt a holistic approach but it is essential that evidence for the assessment criteria in each unit is also identified individually.

The primary source of performance evidence will be from examining products of work produced by the Candidate supported by observation in the workplace, Candidate testimony and questioning/discussions, supported by other forms of evidence such as witness testimonies.

**Simulation is not permitted for this qualification.**

**Minimum Performance Evidence Requirements:**

Evidence must come from the Internal Quality Assurance (IQA) Candidate's performance in the work environment. There must be evidence of the IQA Candidate monitoring a minimum of two assessors, each with a minimum of two Candidates of their own, through components of a qualification.

The knowledge and understanding of the Candidate must be demonstrated by a combination of methods. There must be valid, authentic and sufficient evidence for all of the assessment criteria. The examples in the list are not exhaustive.

**Holistic approach** is encouraged. Verbal/written questioning (recorded); Professional interview (recorded); Candidate statements

**Assessment System:** Whilst Approved Centres are free to develop their own assessment record system; MP Awards has developed a ready-made system for Centres to use which is available at no cost.
