

What does the MPQC Plant Operator Competency Scheme Cover?

The MPQC Plant Operator Competency Scheme covers training, skills, knowledge, qualifications, competence and ongoing CPD.

The Scheme is operated on the following:

Common standards and checklists

- Independently managed
- Open access for all within the Sector
- Rigorous quality assurance of Approved Training Providers, Assessors, systems and processes

Plant assessments

Anyone carrying out Plant Assessments to award the Red and Blue Cards of the Plant Operator Scheme will have to:

Undergo an initial approval

Demonstrate that they are operating to the exacting standards of the Scheme.
